## Life Path

### Ascendant In Gemini

PROFESSIONAL - LIFE-PATH: Developing the mind

You are a knowledge-hungry person, eager to travel and meet people in your career. During the course of your life you will develop your communication talents, therefore you need a job which makes demands on your persuasive abilities and sociable nature. It is important for you not to feel tied down, and you need to have the freedom to explore and investigate ideas. You would make an excellent teacher, as you love to impart information to others. As you have a particular interest in learning about the nature of the mind, you are best suited to a career with mental challenges which gives constant variety and change, as well as the possibility of developing your mind. You are especially good at building up a network of connections, and keeping contact with people.

### Ascendant Conjunction Mars

This aspect is extremely powerful in your horoscope; every action you take will be coloured by this energy.

This connection between two planets shows a fusion of two principles for good or ill. You integrate quite different energies and express them as one process. This manifests as a strong personal character trait.

PROFESSIONAL - LIFE PATH: Undiluted force

You display a rugged personality, and invest energy and enthusiasm in everything you do. An aggressive or overly defensive attitude brings out a competitive attitude in others. This will lead to a number of professional conflicts. You are ever-willing to take up the battle. Nevertheless you are effective in action as long as you are given the freedom to decide things for yourself. You are a good general, but a bad diplomat.

### Ascendant Conjunction Jupiter

This aspect is of medium strength and its influence will often be felt, though not acutely.

Two energies are unified into one in this planetary aspect, and you will express this energy in a very personal way, for good or ill depending on other factors in your chart.

PROFESSIONAL - LIFE PATH: The counsellor

You are not interested in trivia, and therefore seek a profession which gives some kind of overall meaning. You are probably destined for success, and can exert considerable influence through the power of your opinions or good judgement. You have a tendency to overestimate the importance of your ideas, and may be unreceptive to the views of others. Generally, however, you maintain a fine perspective on the important issues. You are an excellent adviser.

### Ascendant Sesquisquare Saturn

It may be difficult for you to discern the influence of this combination of planetary energies; it is weak and may be outweighed by stronger influences.

The influence of this aspect is deeply unconscious and sporadic, though when felt it can manifest itself in uncompromising conflict with others.

PROFESSIONAL - LIFE PATH: The hard school

You take your professional life very seriously, rising to the many challenges that arise during the course of your career. As you convey an air of efficiency and self-discipline, you will gravitate towards positions of authority. Lack of self-confidence, and a certain shyness in relation to others can hinder your progress, but the older you get the better you are able to overcome your fears.

### Ascendant Sesquisquare Neptune

It may be difficult for you to discern the influence of this combination of planetary energies as it is not a strong configuration in your chart.

As there is tension between these two planetary influences in your chart, it will be very difficult for you to achieve the promised beneficial results before the age of 30.

PROFESSIONAL - LIFE PATH: The spiritual path

You are rarely motivated by purely ambitious interests, and therefore you function best when engaged in a job in which you can invest your ideals and dreams. Ordinary goals can hardly satisfy your needs, which are more orientated towards feelings and sensitivity, or music and creativity. You need to feel moved by influences beyond the personal.

### Mercury In Aries

PROFESSIONAL - MENTALITY: Inspire others to action

You are a quick-thinking person, often coming with inspired ideas which you like to put into practice immediately. Other people will notice the breathless pace in which you express your ideas. You show impatience when you are not understood. You work best at the centre of a lot of activity where you can think independently and take rapid decisions. For you to learn effectively you have to discover and try things out for yourself. You are good at inspiring others, but not so good at listening sympathetically for long periods of time. Planning is probably not your cup of tea, but initiating contact with others is. You like giving pep-talks, but you get restless when meetings or negotiations drag out.

## Mercury In 12th House

PROFESSIONAL - MENTALITY: Mental communion

You have some unusual mental abilities because you are able to harness your intuition and tune in to signals and ideas which other people are not sensitive to. You function best in situations where you can have a low profile mentally and operate behind the scenes with your ideas. You appreciate having the mental privacy to get on with your business without being disturbed. Being sensitive to mental pollution - the gossip, chattering or superficiality of others - you withdraw into the world of your own imagination. Here you can think up many ideas and projects which can bring professional success - particularly in connection with marketing, advertising or the media. You may also have artistic, creative or musical abilities.

## Identity

### Sun In Taurus

PROFESSIONAL - IDENTITY: Stabilise your foundation

The main issues in your life centre around building up a strong sense of self-worth. In career matters you would be happiest with a stable job and a regular income. Attaining a stable sense of self and building up a set of personal values that stand the test of time is priority number one. This may well manifest in a material way, but this is mainly because you have the ability to both appreciate, enjoy and administrate the material things of this world. Because you have a fine appreciation of quality, this will naturally be reflected in the things you acquire. When you function well professionally people will see you as a person who they can rely on and count on for support. You are patient and determined, and you know how to consolidate your position after you have achieved a goal. You are extremely good at maintaining gains, once they are achieved.

### Sun In 12th House

PROFESSIONAL - IDENTITY: Dissolution of ego

You have the capacity to take on many roles in your life, assuming the professional guise which is expected of you under any given situation. Whatever kind of success you have, you experience difficulty truly identifying with or believing in your role. It is not easy for you to take ambition and striving seriously because you are rarely inspired by the allure of power, prestige or material goals. You seek a sense of personal significance and meaning in your life, and personal glory does not give you this. You would experience greatest satisfaction in a role in which you can express your concern for others, or in a job which allows you the peace to commune with your own feelings - perhaps a creative job of some sort. You work best when you are undisturbed or can operate behind the scenes or removed from society in some way.

### Sun Square Moon

You will often feel the influence of this aspect, though stronger influences may predominate in other areas of your chart. In your chart there is disharmony between these two planetary influences, and this will be reflected by many struggles both within your mind, and out in the world.

PROFESSIONAL - IDENTITY: Conscious/Unconscious

As these two planets represent the basic building blocks of character, your success will very much depend on the nature of the aspect between the Sun and Moon, and other planetary influences. The main issue is your ability to assert yourself without unconsciously distorting the reactions you receive from others. Harmonious contacts between the Sun and Moon indicate a talent for nurturing and strengthening others through the capacity to understand them, as well as giving a wealth of creative talents in many areas. Disharmonious aspects give a tendency to misinterpret or distort the reactions of people who have influence in the world. Emotional conflict with people in authority can undermine progress in business life, and this will be connected with some immaturity on your part. Often the problem will lie in environmental instability in which your domestic situation is at odds with professional visions. At the conjunction - or the New Moon - there will be a strong self-sufficiency and a strongly integrated character, but it may be difficult for you to get an objective picture of yourself. This would be a definite disadvantage if you have to deal with others on an emotional level.

As you mature you gain greater insight into the role the unconscious plays in human behaviour, and in some cases this can lead to work of a caring nature relating to the emotional make-up of others.

### Sun Semisextile Venus

This aspect is extremely powerful in your horoscope; every action you take will be coloured by this energy.

The influence of this planetary connection is difficult to discern, though it can have an effect either spiritual or material attitudes.

PROFESSIONAL - IDENTITY: Style

This contact evokes in you a very strong aesthetic awareness and quite considerable personal charm. You have the ability to make a warm and enriching contact to others and inspire them with your presence. Your diplomatic talents, and strong sense of personal values, gives you many advantages in a variety of areas. You are not a forceful person, and in general you do not like competition, but you can get your way through persuasiveness and charm. Your natural charisma and winning manner ensures personal popularity. You would not be happy in a job in which confrontation and conflict plays a role, and your talents are best utilised dealing with personnel, diplomacy, or matters related to taste, style or a refined judgement.

### Sun Conjunction Jupiter

It may be difficult for you to discern the influence of this combination of planetary energies, as it has only a mild effect in your chart.

Two energies are unified into one in this planetary aspect, and you will express this energy in a very personal way, for good or ill depending on other factors in your chart.

**PROFESSIONAL - IDENTITY: Insight**

One of your greatest professional assets is your optimism and ability to envision and empower the future. You have the capacity to occupy a high profile position in which your charisma and personal identity play a leading role. As you are strongly motivated to acquire insight in your life, and rather philosophically minded, you would function well as an advisor, counsellor or simply as a leader figure, whom people turn to for advice and a sense of direction. It is essential that your profession offers you the opportunity for growth. You need wide horizons and you will probably find that you travel a lot in your work. You are cosmopolitan by nature, and enjoy the cultural aspect of your work. You have very strong convictions indeed, and may be rather morally high-minded. This side of your character can lead to ideological confrontations with influential people. You have great difficulty in admitting your mistakes, and although you have vision and prophetic sense, you can be wildly optimistic about the future, and are often to be seen chasing dreams of prosperity. Inasmuch as vision is necessary for success, you will generally reach your goals, but greater attention to planning, more realism and more patience would help you consolidate your position.

**Sun Sextile Uranus**

This aspect is extremely powerful in your horoscope; it will dominate many areas of your life.

When reading the following description, please bear in mind that you are a fast learner and overcome any difficulties involved very quickly. You can expect to use this aspect constructively and harmoniously.

**PROFESSIONAL - IDENTITY: Consciousness change**

Your chief contribution to society is your ability to entertain original ideas and experiment with new ways of doing things. You need to work in an independent position or with a company which respects and encourages your originality. You quickly become bored if you have to perform the same functions day in day out. You need to meet people - and you thrive on unusual challenges, especially if they involve travel and dealing with radically different cultures. You may travel long distances to exotic countries, or work with advanced technology. Alternatively you will go your own unique direction in your professional life, developing unconventional talents - perhaps connected with consciousness development in one form or another. You are not one to stand on ceremony either - you hate stuffy protocol and thrive on contacts with young and old, rich and poor. It is your job to pave the way to the future with new ideas and an original life-style.

**Sun Square Pluto**

It may be difficult for you to discern the influence of this combination of planetary energies as it is not a strong configuration in your chart.

As there is tension between these two planetary influences in your chart, it will be very difficult for you to achieve the promised beneficial results before the age of 30.

**PROFESSIONAL - IDENTITY: Transformation of identity**

It is important for you to make a strong impression on people, and you invest a lot of energy in this - more than you are aware of. Much can be gained by toning down your personal energy. You are suited to positions requiring the use of power and psychological insight. Whatever you do, you like to be deeply - sometimes fanatically - involved. This may often lead to battles of will, and you tend to win, basically because you cannot contemplate personal defeat. More flexibility would actually benefit you and help you avoid tiring power games.

Personal power is a natural asset - as you will discover after a number of significant personal crises which lead to a reevaluation of your role. These crises are centred around achievement at all costs, or fanatical attachment to a particular role which outlives its meaning for you. When you learn to tone down your sensitivity about self-esteem, and invest your considerable willpower into projects which really mean something to you, and to others, you can achieve success. You may have a talent for psychology or dealing with the powers of the unconscious.

## Emotions

**Moon In Aquarius****PROFESSIONAL - EMOTIONS: Caring humanity**

You are a very socially conscious person, strongly motivated to create cohesion in groups. Paradoxically however, you often feel on the fringe as far as your relationships are concerned. You have a taste for unusual environments and function best when you consciously choose alternative relationships where people's differences are more apparent than their similarities. This gives an attraction to foreign environments or experimental life-styles. With your natural friendliness, deep social commitment and group consciousness you will have a special ability for working with people on the social fringe. You have a striking intuition, and may have talents for an unconventional profession.

**Moon In 10th House****PROFESSIONAL - EMOTIONS: A caring career.**

Your career will involve you deeply emotionally and to some extent can be a "home from home". You make important emotional bonds to people you work with, and may find yourself playing a significant public role because you are very sensitive to the public's interests. You may also have a talent for dealing with products of the land or with housing. Your mood is strongly affected by the many ups and downs that you experience professionally. This professional sensitivity is an advantage when you cater for the needs of society, nourishing people with your concern, but it could be wise to develop a certain emotional detachment, so that you feel less vulnerable. Your mother may play an important role in your career, and elder successful women will inspire and support you.

## Moon Sextile Venus

This aspect is of medium strength and its influence will often be felt, though not acutely.

The sextile aspect is favourable, and stimulates your capacity to learn from experience. You can expect the negative effects to be minimal.

PROFESSIONAL - EMOTIONS: Empathy

You have very winning ways with all kinds of people and can gain a great deal of personal popularity. Dealing with others - particularly the public - in some way or another, can be an important ingredient in your profession. You may simply like people; at least people feel as if you do. You have a particular talent for dealing with women, partly because you have an instinctive understanding of their ways. Women can play an important role in your professional advancement - indeed you may be rather dependent on their goodwill for better or worse. Basically you are a caring and sympathetic person - and you show it. Therefore you would function well in a position which gave you daily contact with people and the opportunity to support and nurture them in some way. You shun hard professional tactics and are easily hurt when rebuffed. This means that you may be too fragile to handle the rough and tumble of the marketplace. To feel secure you need to have a solid economy, otherwise you tend to be afflicted by worry. You have a talent for investment - particularly in property.

## Moon Trine Mars

It may be difficult for you to discern the influence of this combination of planetary energies; it is weak and may be outweighed by stronger influences.

Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - EMOTIONS: Temperament

You have a dynamic and forceful personality, and generally get your way in your professional dealings. Your greatest enemy is your temperament - you get angry easily, and when you get angry, you take ill-considered actions. So if your job involves dealing with the public, there will tend to be a lot of conflict. You may however function well if your job entails the need to confront people and get things done, but not if it involves diplomacy or sympathy. You are impatient, but on the other hand you tend to invest your heart and soul into your work and get things done quickly and efficiently. However, you create an atmosphere of tension around you, and are extremely sensitive to criticism. You often imagine attacks which do not actually take place, instinctively going on the offensive, or defensive, to deal with supposed threats. Obviously this kind of reaction evokes the very kind of attack you are seeking to avoid. Only by taking a long, cool look at your assertive nature and by developing greater sensitivity and calm as regards others, can you hope to win goodwill in your professional life.

## Moon Trine Saturn

It may be difficult for you to discern the influence of this combination of planetary energies as it is not a strong configuration in your chart.

Please bear in mind that the contact between these planets is harmonious, which means that you will rarely be troubled by their negative influences. They represent a resource you can draw from.

PROFESSIONAL - EMOTIONS: Self-sufficiency

You are a very responsible and dutiful person who is very motivated to live up to your commitments to society. You can work well in a role which requires hard work and a lot of responsibility, especially if this entails formal relations with the public in some way. You can function effectively as a buffer between the public and the authorities. You may have a special talent for working with old people, or with people who have emotional problems or very difficult life circumstances. You have a measured response to the people you meet and can evoke considerable respect from others, just as long as you do not allow yourself to be crippled by shyness. You can perform monotonous tasks patiently, and are good at systematising things and creating order. Professionally you are strongly motivated by job security and continuity at work. You are not very flexible, and tend to stick to long-term habits and work-patterns. On the other hand you are reliable and conscientious.

## Moon Trine Neptune

It may be difficult for you to discern the influence of this combination of planetary energies, as it has only a mild effect in your chart.

Please remember when reading this section, that the harmonious nature of this contact means that you can use the energies creatively, for the most part without negative effects.

PROFESSIONAL - EMOTIONS: Develop intuitive sensitivity

You are a supremely sensitive and impressionable person, and this will express itself as a moodiness and indefinable dissatisfaction. Yet you will almost certainly have creative and caring sides to your nature which can stand you in good stead professionally, as long as your job is not monotonous or meaningless. You have a capacity for being very sympathetic and understanding, and this may be a part of your work. You have spiritual talents - perhaps you can work with dreams or the unconscious in some way. You are powerfully influenced by your environment, and including the mood of the people around you. It is wise to choose environments free from pollution, spiritually, emotionally and physically.

## Moon Opposition Pluto

It may be difficult for you to discern the influence of this combination of planetary energies; it is weak and may be outweighed by stronger influences.

You will have to work hard to attain the beneficial results of this aspect. Partnership matters are central for your gaining an understanding of the principles involved and integrating them in your nature.

PROFESSIONAL - EMOTIONS: Deep emotional involvement

You are strongly motivated on an unconscious level by a need for security - a need which is very difficult to fulfil. However when you turn outwards and concern yourself with others, you will discover a special talent for helping other people find security. This may manifest as social consciousness. You also have a talent for dealing with people in crisis, possessing an inborn psychological ability to transform how people feel. You are suited to work which requires a deep personal involvement combined with a certain power and distance. You have the power to investigate deep emotional states in other people, and this can be connected with psychology or the occult.

## Moon Conjunction N. Node, Moon Opposition S. Node

This aspect is extremely powerful in your horoscope; every action you take will be coloured by this energy.

This connection between two planets shows a fusion of two principles for good or ill. You integrate quite different energies and express them as one process. This manifests as a strong personal character trait.

PROFESSIONAL - DESTINY: Mother Earth

You can play an important role channelling the hopes and dreams of on the one hand large numbers of people, and on the other more intimate groups - especially females. You may feel a strong identification with your country - or a pull away from it. Your unusual intuitive power can give you certain talents as regards tuning in to changes that happen on a collective plane - especially in connection with the world of Nature. You are the channel through which group feeling is manifested.

## Mercury Conjunction Venus

It may be difficult for you to discern the influence of this combination of planetary energies as it is not a strong configuration in your chart.

This connection between two planets shows a fusion of two principles for good or ill. You integrate quite different energies and express them as one process. This manifests as a strong personal character trait.

PROFESSIONAL - MENTALITY: Affability

You are a very versatile person, combining good judgement with taste and the ability to convey information in a pleasant manner. Success comes when you work with communication in one form or another. You may excel in the arts or in public speaking. You bring a human element into your professional dealings, and advancement will often come through the goodwill of others. Your mild manner and diplomatic nature leaves a good impression on others. You would function well in a position with lots of contact with people, for example dealing with personnel. You are very concerned about justice and make a strong effort to see both sides of any issues. You can secure agreement because you are willing to listen to others, and you are careful not to alienate people with impulsive remarks. Obviously with these talents you will prefer a harmonious professional environment to one in which there was too much trouble or competition.

## Mercury Opposition Saturn

This aspect is of medium strength and its influence will often be felt, though not acutely.

This aspect shows a strong polarisation in your chart, and difficulty in integrating the principles described. There may be travel and separation in connection with the principles described below.

PROFESSIONAL - MENTALITY: Mental discipline

You have a logical and disciplined mind, and special skills as regards working out systems and performing tasks which require patience for long periods of time. You prefer to stick to rules and established methods, but you can apply your mind to any task in a very conscientious way, if required. You may be rather suspicious in allowing the imagination to have too much influence - you are the kind of person who reads instructions carefully and follows them. This can make you a little inflexible as regards integrating new methods. Furthermore your admirable attention to detail can hinder you in getting an overall perspective on things. In the first phase of your professional life you can be afflicted by a sense of mental inferiority, so it is important for you to spend time on further education in a constant process of acquiring new skills.

## Mercury Opposition Neptune

You will often feel the influence of this aspect, though stronger influences may predominate in other areas of your chart.

You will have to work hard to attain the beneficial results of this aspect. Partnership matters are central for your gaining an understanding of the principles involved and integrating them in your nature.

**PROFESSIONAL - MENTALITY: Clarify your thoughts**

You have a very refined mental sensitivity which may be expressed through some form of imaginative and creative work. You possess a wonderful intuition, but formal learning and dry facts do not interest you. You can be quite a perfectionist and are very good at spotting mistakes and errors. In your dealings with others, you are very good at tuning in to their ideas, and you will go very far - perhaps too far - to avoid confrontation and argument. You tend to hope difficulties will disappear if you ignore them, and you have a tendency to create a smokescreen around issues. Thus you like to get your own way through being indirect and confusing the opposition. However if you do not make an effort to stick to ethical principles and honest representations, you may find yourself getting ensnared by the stories you create. You have a talent for creative communication - as a writer, in advertising or the media, or as a general part of your work.

**Mercury Trine Pluto**

Though not especially strong, you will be able to feel the influence of this aspect under many circumstances.

Please bear in mind that the contact between these planets is harmonious, which means that you will rarely be troubled by their negative influences. They represent a resource you can draw from.

**PROFESSIONAL - MENTALITY: From secrecy to openness**

You have an investigative mind and considerable talent for finding out about hidden issues and analysing things in depth. You are also good at keeping secrets. As such you are a natural detective and are able to find the root cause of problems. This is a useful talent in psychological matters, when working with computers or anything requiring fanatical attention to detail. There is an ability to tap hidden sources of information. In your professional life, however, you are inclined to be suspicious, fearing that important information is being kept from you. People can feel that you interrogate them, and they tend to clam up. Sometimes you express yourself far too forcefully and do not allow people to come with their views. Success comes when you overcome communication problems connected with anxiety.

**Mercury Square MC**

This aspect is extremely powerful in your horoscope, and will be a major feature of your character.

There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

**PROFESSIONAL - GOALS: The ideas person**

It is important for you to integrate your mental faculties in your career. Teaching, dealing with communication, writing, meeting people and generally creating contacts are all part of the employment spectrum for you. An inner restlessness will ensure that you either seek a career with a variety of interesting functions, or change jobs at regular intervals. The important thing for you is to get your ideas across in society.

## Values

**Venus In Aries****PROFESSIONAL - VALUES: Independence**

Personal freedom and honour are far more important values for you than material acquisitions or high social status. You enjoy taking risks, and are stimulated by the excitement of meeting new people. You do not allow yourself to be influenced by others in your judgement of people. Women with this position will be very independently-minded, very rarely allowing themselves to be put in a position where they can be pushed around by men. As a woman, you may scorn traditional concepts of femininity, and will actually enjoy fighting your way up in a competitive career, and as a man you will be attracted to a competitive woman.

**Venus In 12th House****PROFESSIONAL - VALUES: Spiritual devotion**

You are a romantic at heart, and would function well in a job which gave you the opportunity to express your aesthetic sensitivity. You are undoubtedly a very giving and devotional type, and these qualities can be expressed in many ways. On the one hand you may wish to find a channel for your compassion by giving your services to people in need of care. You may also have creative talents in connection with the arts or marketing because you know what has subliminal appeal to the broad mass of people. And you may prefer your own private, inner world where your aesthetic qualities can be expressed for your inner benefit alone. Although you may experience material benefits from your work, this will not be an important motivating factor. Inner satisfaction is far more important for you.

## Venus Semisquare Jupiter

This aspect is extremely powerful in your horoscope, and will be a major feature of your character.

The semisquare aspect shows a difficult streak in your character, which may manifest as an unconscious stubbornness in the matters concerned.

PROFESSIONAL - VALUES: Fortune

You have excellent aesthetic judgement, and strong personal values and convictions. You are suited to any profession which can make use of your ability to evaluate and compare - especially if this is connected to cultural or artistic projects. You also have a great ability to impress others with your charm and insight. You would be wasted in a job which did not allow you the opportunity to meet and influence people. You can deal with cultural issues or artistic objects, you can travel in your career, you have diplomatic talent, you have a great sense of style. Success often comes easily for you, and you may thrive in the company of women, and have their professional support. Normally you are lucky, and a great deal of money can flow through your hands. How fast it flows is another question altogether. Your warm personality and optimistic view of the future are your greatest assets.

## Venus Opposition Saturn

You will often feel the influence of this aspect, though stronger influences may predominate in other areas of your chart.

You will have to work hard to attain the beneficial results of this aspect. Partnership matters are central for your gaining an understanding of the principles involved and integrating them in your nature.

PROFESSIONAL - VALUES: Formality

You have a strong sense of responsibility regarding your professional relationships, and you value trust and stability most of all. You can therefore function well in long-term business partnerships, and you are especially good at relating to the public in a friendly, though formal manner. You have a pleasing diplomatic nature and a fine sense of protocol. Job security and a strong economy are important to you, and other things being equal you are very careful with money. This may give talents connected with the financial world, banking, investment etc. Women with this aspect can be especially ambitious and willing to endure considerable hardship to get on in a career. In general there is more emphasis on the professional life than on the personal. As time goes by you grow to learn exactly what you are worth, and expect to get paid for it.

## Venus Square Uranus

This aspect is extremely powerful in your horoscope; every action you take will be coloured by this energy.

As there is tension between these two planetary influences in your chart, it will be very difficult for you to achieve the promised beneficial results before the age of 30.

PROFESSIONAL - VALUES: Untraditional relationships

You need to work in an exciting environment where you are together with people who have untraditional ideas, or who come from unusual cultures or backgrounds. You function best when you meet a number of different people during the course of your working day - preferably interesting or unconventional types. You have a talent for working with the media - you may also function well in a job which brings travel to exotic places. As you have a strong interest in consciousness-raising groups you may get involved with political, spiritual or social movements. You function well in a team - but not in a conventional working environment where you meet the same people all the time. You need to feel as free as a bird. You have a talent for making friendships - you make an electric impression on others, but actually you are rather detached yourself.

## Venus Opposition Neptune

This aspect is of medium strength and its influence will often be felt, though not acutely.

This aspect shows a strong polarisation in your chart, and difficulty in integrating the principles described. There may be travel and separation in connection with the principles described below.

PROFESSIONAL - VALUES: Acceptance

You have an extraordinarily refined aesthetic sense. Disharmony evokes an almost physical unease in you, so you are strongly motivated to recreate balance in your inner and outer world. Professionally this can manifest in a career where matters of taste are important, or diplomatic talents necessary. You are especially suited to public relations matters, but your genuine compassion for other people may incline you to work helping others in some way. Although you may be strongly inspired by items of physical beauty, you will rarely be satisfied by material well-being alone. You have musical and artistic talents.

## Venus Trine Pluto

You will often feel the influence of this aspect, though stronger influences may predominate in other areas of your chart.

Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - VALUES: Transformation of values

You have the ability to awaken deep sympathy in the hearts of other people, and you are probably willing to go to great lengths to be appreciated. Your attention to others can evoke a very positive atmosphere and genuine good feelings, if you learn to avoid a few simple weaknesses. You tend to go too far in pleasing others and trying to create a good impression. In this way you can monopolise some people and alienate those who are not impressed by your apparent charm. Businesswise you have a special talent for getting the most out of resources. You can see the value in items other people might throw away, and can turn waste into something valuable. Financially you must avoid the trap of getting into debt by buying prestige items. Do not throw good money after bad. Above all avoid becoming economically dependent on others - you could end up being manipulated.

## Drives

### Mars In Gemini

PROFESSIONAL - DRIVES: Develop your mind

You are a person with many mental gifts and a very active mind. Your mind is like a sharp tool which can be used in many different areas, and you thrive when you are given several tasks to do at once. This love of diversity is only a disadvantage if you start too many things, and forget to finish them. Boredom is your greatest enemy in this respect. As long as a project has your interest you will keep at it. You are however not so good at following up on your successes, as you are more interested in ideas than in the results they bring.

You will almost certainly do a lot of travelling in your life - especially locally. Some kind of personal transport is essential for your well-being. Meeting people keeps you stimulated, and you probably have a talent for inspiring and teaching others. You must watch a tendency to be sharp or sarcastic - your intellect is a double-edged sword, and being a fast thinker yourself, you have a tendency to get impatient with the slower pace of others. If you slowed down a little yourself and worked in a steadier fashion, you would make fewer mistakes and be able to consolidate your gains.

### Mars In 12th House

PROFESSIONAL - DRIVES: Inner struggle

It is not easy for you to feel motivated by your work, or to take your ambitions so seriously. You are not a competitive type - or at least you are half-hearted about taking up the fight, basically because you cannot see the point. You function best when you can work in your own space, without too much interference from others. You are not a team person and should find a position behind the scenes in some way. It is difficult for you to define what you really want to do. You feel most inspired when you can work for a cause - especially if you can help people in real trouble in society. Selfless service of this nature can inspire you, and you have a special talent for helping people with mental troubles. The essential element in your professional life is to be inspired by a collective ideal.

### Mars Trine Moon

### Mars Conjunction Jupiter

This aspect is extremely powerful in your horoscope; every action you take will be coloured by this energy.

This connection between two planets shows a fusion of two principles for good or ill. You integrate quite different energies and express them as one process. This manifests as a strong personal character trait.

PROFESSIONAL - DRIVES: Ebullience

You are a person with considerable optimism and energy, and your generally dynamic nature and positive attitude to the future will most probably bring expansion and success in your professional life. You are endowed with great courage and enjoy a challenge, so you would thrive in employment which gave you the opportunity to expand your horizons and travel. There is something of the pioneer in you. As intellectual challenges are also important, you need mental stimulation and the opportunity to discuss issues and get important messages across. You can be very persuasive, but perhaps you also have a tendency to browbeat others. You have an almost religious zeal when it comes to convincing others about what is right and what is wrong. You may even see yourself as a fighter for justice, and whereas this ability to fight for a cause can be very useful under some circumstances, it can also lead to tiring conflicts and disagreements with superiors. Obviously, a job which utilises your energy, enthusiasms and deep convictions would be the best channel for your ebullient energy.

### Mars Trine N. Node, Mars Sextile S. Node

This aspect is of medium strength and its influence will often be felt, though not acutely.

Please remember when reading this section, that the harmonious nature of this contact means that you can use the energies creatively, for the most part without negative effects.

PROFESSIONAL - DESTINY: Survival of the fittest

You will often find yourself in the midst of the fray in your professional life, with many struggles as regards asserting yourself in groups. Conflict will touch your life in a central way, and no matter what you do you cannot escape the leadership role which puts you in the forefront. You may find yourself involved in a dynamic co-operative venture involving men and a strong element of competition, though achieving harmony or a unified goal may be an elusive quest.

## Wisdom

### Jupiter In Taurus

PROFESSIONAL - WISDOM: Believe in abundance

Your talent for creating and maintaining growth coupled with your true appreciation of material values, stands you in good stead in the professional world. True, you have expensive tastes, and you may be extravagant - yet your conviction that money attracts money and that the world will abundantly provide, will normally ensure prosperity - unless there are strong counter-indications in your horoscope. Listen to your instincts in these matters - you know whether material circumstances can sustain growth, and whether to expand or play it safe. In business matters you are careful and reflective, and always willing to lean towards safety, rather than risk. You know how to give and receive solid advice.

## Jupiter In 12th House

PROFESSIONAL - WISDOM: Spiritual ballast

As you are person with a deep faith and many spiritual and psychological resources you can be of great help to people professionally through giving assurance, advice and support. People can be helped by your faith and ability to have a positive view in a difficult situation. You can work in a large organisation, especially if connected with humanitarian ventures, or with the general well-being of the population - for example with hospitals, welfare institutions etc. You are helped in your work by a deep belief in the qualities of mercy and the importance of service to humanity. You have a keen knowledge of the levelling nature of personal misfortune and the transience of worldly benefits.

## Jupiter Conjunction Mars

Please read page 9: "Mars Conjunction Jupiter"

## Jupiter Semisquare Uranus

This aspect is of medium strength and its influence will often be felt, though not acutely.

The semisquare aspect shows a difficult streak in your character, which may manifest as an unconscious stubbornness in the matters concerned.

PROFESSIONAL - WISDOM: Exhilaration

This aspect can last for a number of months and have a strong collective influence. If you harness this influence in your career you will have a strong idealism both socially and as far as introducing new methods are concerned. Your provocative views will be a challenge to the establishment. You are an internationalist, and wish to concern yourself with issues that cut across national borders. This can bring travel to exotic lands and contact with exotic cultures. You can channel enormous enthusiasm about the future into your career - for you the path of liberation lies in innovation and experimentation. You would thrive in an international organisation, and as you also have strong humanitarian tendencies you may choose to work in a field which has to do with social reform or perhaps consciousness-raising.

## Jupiter Square Pluto

It may be difficult for you to discern the influence of this combination of planetary energies; it is weak and may be outweighed by stronger influences.

In your chart there is disharmony between these two planetary influences, and this will be reflected by many struggles both within your mind, and out in the world.

PROFESSIONAL - WISDOM: Transformation of beliefs

This influence is often felt more collectively than personally. This is a combination that shows power in one form or another: big money, the power of ideology, the law. You will have very strong convictions and a intense sense of justice, and as such will often find yourself getting involved in issues connected with beliefs, righteousness, power and the misuse of power - especially as far as large organisations are concerned. Success comes when you encourage tolerance in yourself, and flexibility concerning your views, thereby overcome a tendency to be unreceptive to the opinions of others. Systems of positive thinking can transform your life.

## Jupiter Trine MC

This aspect is extremely powerful in your horoscope; every action you take will be coloured by this energy.

Please bear in mind that the contact between these planets is harmonious, which means that you will rarely be troubled by their negative influences. They represent a resource you can draw from.

PROFESSIONAL - GOALS: Counsellor

Your foresight and understanding are important assets in your career. You can work in an advisory capacity, and may function well in areas concerned with publishing, travel, law or international affairs. Superiors tend to support you and ensure your promotion. Your chief weakness is a tendency to overestimate your own importance, and to foist your own views on colleagues. You need meaningful goals, and when you follow them you are destined for success.

# Challenges

## Saturn In Libra Retrograde

Because this planet was retrograde when you were born, you have a special personal lesson to learn in the matters described. Experiences will be evaluated more on an inner than outer level.

PROFESSIONAL - SELF-RELIANCE: Social responsibility

Saturn was in this sign in the years 1921-23, 1950-53 and 1980-82. There was a strong emphasis in society on the principles of justice, and on partnership institutions. Expressed in your own career, you may find yourself assuming a professional role in which your judgement and diplomatic abilities are important. You will often find yourself sandwiched between people with

differing views, and your word will carry weight in these situations. You are slow to pass judgement, and very concerned about any miscarriage of justice. You are good at dealing with people, and can acquire a position of authority in this respect. Your own role in society is important for you, and professional advancement depends on your overcoming shyness and fears about relating. You can feel a little stiff and formal when dealing with people, but you will quickly win their respect once you let the barriers down.

## Saturn In 6th House

PROFESSIONAL - SELF-RELIANCE: Overcoming burdens

Work and duty play a very important role in your life - although things are never easy in this area. You may feel that you have to work too hard, or that your work does not fulfil you or is too monotonous. Indeed you may have great difficulties with employment in your youth. If you do not have the courage to go for what you dream of doing, you will end up in some inferior position obeying someone else's orders. You have a lot to learn as regards co-operation with others - and this is connected with a defensive attitude at work. You wish to be respected for what you do, but are often not receptive to the feedback - both positive and negative - co-workers give you. You get the hang of things after the age of 30. If you rise to the challenge of getting down to some formal training, you can become an expert in whatever field you choose. You function well in a role in which you have authority. You are after all a very hard-working person, and employers will appreciate your conscientious attitude. You work economically and are good at making enterprises more efficient. Although you tend to stay in a job for long periods, you will need to make adjustments at work about every 7 years, even though flexibility is not your strong point. If you cultivate an open attitude to the people you work with, and admit to your feelings of professional insecurity, you will be treated with more consideration.

## Saturn Trine Moon

## Saturn Opposition Mercury

## Saturn Opposition Venus

Please read page 8: "Venus Opposition Saturn"

## Saturn Square Uranus

It may be difficult for you to discern the influence of this combination of planetary energies as it is not a strong configuration in your chart.

As there is tension between these two planetary influences in your chart, it will be very difficult for you to achieve the promised beneficial results before the age of 30.

PROFESSIONAL - SELF-RELIANCE: Structural renewal

This rare combination of planets is part of a 46-year cycle, and the influence will affect everyone over a period of approximately a year. In so far as you channel this influence through your career you have the capacity to deal with large organisations and will often find yourself in the position of establishing a bridge from the old to the new. With one foot in tradition and the established values of collective experience, you will also have to deal with the necessity of reform to adjust to a new future. Depending on which side of this equation you are on, there can be conflict with established authorities. Thus you will often be confronted by two separate and very different camps with very different viewpoints. You deal with social structures which have outlived their usefulness; perhaps a revolution is necessary to make room for the future. You can be skilled at finding ways of putting new technology to practical use. You can work in areas concerned with social reform.

## Saturn Conjunction Neptune

This aspect is extremely powerful in your horoscope, and will be a major feature of your character.

Two energies are unified into one in this planetary aspect, and you will express this energy in a very personal way, for good or ill depending on other factors in your chart.

PROFESSIONAL - SELF-RELIANCE: Dissolution of structure

These two slow-moving planets form rare aspects as part of a 36-year conjunction cycle. Insofar as you express this influence in your professional life, you will be concerned with making dreams real, and bringing visions down to earth. This may be expressed politically, through concerned social work, or perhaps your career will be touched by some other form of contact with the pressing social issues that this aspect symbolises. This can mean dealing with suffering in one form or another, for example loneliness or poverty, old age, alcoholism etc. As regards your own ambitions, you will often feel that you are driven by a deep sense of professional dissatisfaction, and even the goals you attain may seem empty once they are achieved. True meaning is found in some form of service in which you sacrifice personal ambition for a universal cause.

## Saturn Sextile Pluto

This aspect is extremely powerful in your horoscope; it will dominate many areas of your life.

When reading the following description, please bear in mind that you are a fast learner and overcome any difficulties involved very quickly. You can expect to use this aspect constructively and harmoniously.

PROFESSIONAL - SELF-RELIANCE: Re-evaluate personal power

Normally this influence is felt more collectively than personally. The main issue here is the structure of power - its use and misuse. In your life you are sure to encounter people and organisations who have a powerful position in society, for good or ill. This can for example include the police, tax authorities, corporations or secret organisations. When this influence becomes

strong in your life, you will find yourself in a position which requires enormous willpower. This can lead to the overthrow of powerful people, or the collapse and restructuring of powerful institutions. It is your mission to transform the unacceptable use of authority. You also have the capacity to wield power and in doing so reform organisations.

## Saturn Square MC

Though not especially strong, you will be able to feel the influence of this aspect under many circumstances. As there is tension between these two planetary influences in your chart, it will be very difficult for you to achieve the promised beneficial results before the age of 30.

PROFESSIONAL - GOALS: Against the odds

Family pressures play an important role in your laborious climb up the ladder of success, and you may experience considerable difficulty living up to parental expectations or the demands of your superiors. When you overcome lack of self-confidence and decide what it is you personally want to do, you achieve success - though late in life. When you clarify your own inferiority complex in relation to people in power, you can assume a position of authority and have a lasting influence on society. Beware of dictatorial behaviour.

## Originality

### Uranus In Cancer

### Uranus In 3rd House

PROFESSIONAL - ORIGINALITY: Break new mental ground

You have a number of unusual mental talents and interests. Being the type who learns things best by experimentation you don't do so well in a conventional learning environment. You have a low threshold for boredom, and your attention wanders. Yet you are inspired by new horizons and unconventional ideas, and as such you are suited to a career which requires a willingness to be inventive and explore - or perhaps a job connected with electronics, computers, the telephone or the media. Long-distance travel and mental contact with people from other cultures will probably appeal to you. There may a talent for exotic languages.

### Uranus Square Neptune

It may be difficult for you to discern the influence of this combination of planetary energies, as it has only a mild effect in your chart.

There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - ORIGINALITY: Spiritual revolution

This long-lasting aspect will be shared by everyone born in any particular 4-year period, but if you express its influence in your career you will be able to channel a talent for working with the electronic media on one level, or personal consciousness on another. There is an electric idealism with this aspect and very little grounding. Some people may be able to tune into latent telepathic and clairvoyant powers, and use them in their job. Contact with international companies which have strong cross-border communications brings good fortune. Work with advanced technology, especially connected with instantaneous communication is another possibility. There is an inbuilt tension between the principles of freedom and service which can be expressed in irrational political and social convictions.

## Transcendence

### Neptune In Libra Retrograde

Because this planet was retrograde when you were born, you have a special personal lesson to learn in the matters described. Experiences will be evaluated more on an inner than outer level.

### Neptune In 6th House

PROFESSIONAL - TRANSCENDENCE: Everyday rituals

You have some very specific talents that can be useful in your professional life. There may be a knowledge of chemicals, liquids, photography, the ocean or advertising. You like to be able to lose yourself in your work - either through being creative,

through watching magical processes, or because you can be of help to humanity in some way. You are inspired by the idea of service and sacrifice for the benefit of others. Often you will find situations developing at work which are beyond your control. In the long run you will find that work which does not offer spiritual or creative perspectives will render your life meaningless. Periods of unemployment can actually be beneficial for you, even though you may feel helpless, because they help you meditate on what is really important for you, and how you can be most useful in your life. You need to be able to work alone or at least have a pure and peaceful working environment.

This aspect is extremely powerful in your horoscope; every action you take will be coloured by this energy. When reading the following text, please bear in mind that you will for the most part experience only the positive effects of this aspect. You are particularly stimulated to learn and communicate, as regards the matters concerned.

PROFESSIONAL - TRANSCENDENCE: Mass vision

These aspects are very rare and last a very long time. Indeed, as Pluto moves within the orbit of Neptune in the closing years of the 20th century, the present sextile aspect between the two planets lasts from 1940 to 2040 - one hundred years - so almost everyone has it! If you are able to manifest this influence on a personal and professional level (through powerful contacts in your own horoscope), it may be connected with a deep spirituality and creativity. There can be talent for dealing with the media and wide-ranging themes connected with the masses. Material issues will be less important for you than the realisation of a collective dream. There can be clairvoyant powers, and abilities connected with dreams, symbols and visualising. In industry there can be a talent for dealing with oil, the film industry or the transforming power of collective visions.

### **Neptune Square MC**

This aspect is of medium strength and its influence will often be felt, though not acutely.

There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - GOALS: Empty ambition

The traditional path to success is the road to disappointment for you. You need to feel inspired by goals which are not dissolved by the passage of time - goals which go beyond personal ambition. You may be motivated by creative, artistic, musical or film interests, or social ideals. Even when attaining these goals you long to be a part of something greater or to be associated with some universal sense of direction.

## Transformation

### **Pluto In Leo**

#### **Pluto In 5th House**

PROFESSIONAL - TRANSFORMATION: Transforming self-expression

You can make a powerful impression on others, and this can be both a blessing and a curse in professional matters. You may be too concerned with power and impact on others, and this can prevent you from gauging their reactions. Your anxiety concerning the way you present yourself can obscure the actual goal you are trying to achieve. Rest assured people are impressed, and relax - otherwise you will exhaust others with your presence. You have enormous resources when dealing with children, especially those with psychological problems. On the outside nothing appears to faze you; on an inner level you exert superhuman self-control. You are inscrutable and may have a future in playing poker.

## Destiny

### **N. Node In Aquarius, S. Node In Leo**

PROFESSIONAL - DESTINY: All is vanity

The early part of your professional life is characterised by a need for prominence and recognition. You expend a lot of energy selling yourself, attracting attention and trying to create a good impression. You may be especially concerned about personal creativity, struggling to express the essence of your identity in what you do. As such you are extremely sensitive to criticism and anything which undermines your ego. As you mature the need for fame subsides, and selfish creative urges are submerged by an acceptance of the importance of integration. You attain respite from the demands of the ego by involving yourself in ventures which are for the common good, and you find that your natural leadership qualities function much better when you are inspired by the needs of a group. Contact with foreign cultures can bring a turning point in your professional life.

### **N. Node In 10th House, S. Node In 4th House**

PROFESSIONAL - DESTINY: Release from family

As you mature your professional ambitions will assume a growing importance for you. Perhaps you feel a sense of destiny as regards career - at any rate you have a role to perform in society which can have significance for other people. You will undoubtedly find that you have to overcome enormous domestic pressures on your journey, but it serves no purpose to allow these pressures to completely dictate the speed of your progress. No one benefits in the long run if you allow family interests to have priority. Your work may give you a high individual profile and as a consequence you develop a strong sense of responsibility and awareness of personal influence.
